Penleigh Irving Ltd

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, [click here](#).

Keep away from children. May cause an allergic skin reaction. Flammable liquid and vapour. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Keep container tightly closed. Causes skin and serious eye irritation. Avoid breathing fume, vapours, mist, spray. If in eyes: rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing. Harmful if swallowed. Wash skin thoroughly after handling. May be fatal if swallowed and enters airways. IF SWALLOWED: Immediately call a POISON CENTER/Doctor. Wear protective gloves/protective clothing/Eye protection/face protection. IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water.

Keratex Nail Hole Disinfectant

A highly penetrating disinfectant liquid to harden and protect old nail holes in horses' hooves, helping to guard against cracks in the hoof wall

Instructions for use: Shake bottle before use. Start with a clean dry hoof. Pierce nozzle with pin, and squirt fluid into each nail hole. Replace cap on nozzle and store upright. For best results apply weekly.

Nail Hole Disinfectant Ingredients Statement. This product contains: Orange terpene (d-limonene) CAS No. 68647-72-3. Iodoform CAS No. 75-47-8. Butyl hydroxytoluene CAS NO. 128-37-0.

For Equine Use Only. Keep away from the horse's eyes, nose and mouth. Not to be used on animals intended for human consumption. Store in a cool dry place away from animal feedingstuff.

6.76 fl oz (200ml)
