Active ingredients (in each chewable tablet)	Purposes
Famotidine 10 mg	Acid reducer
Calcium carbonate 800 mg	Antacid
Magnesium hydroxide 165 mg	Antacid

Use

relieves heartburn associated with acid indigestion and sour stomach

Warnings

Allergy alert

Do not use if you are allergic to famotidine or other acid reducers

Do not use

- if you have trouble or pain swallowing food, vomiting with blood, or bloody or black stools. These may be signs of a serious condition. See your doctor.
- with other acid reducers

Ask a doctor before use if you have

- had heartburn over 3 months. This may be a sign of a more serious condition.
- heartburn with **lightheadedness, sweating, or dizziness**
- chest pain or shoulder pain with shortness of breath; sweating; pain spreading to arms, neck or shoulders; or lightheadedness
- frequent **chest pain**
- frequent wheezing, particularly with heartburn
- unexplained weight loss
- nausea or vomiting
- stomach pain
- kidney disease

Ask a doctor or pharmacist before use if you are taking a prescription drug. Antacids and acid reducers may interact with certain prescription drugs.

Stop use and ask a doctor if

- your heartburn continues or worsens
- you need to take this product for more than 14 days

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away. (1-800-222-1222)

Directions

- adults and children 12 years and over:
 - **do not swallow tablet whole: chew completely**
 - to relieve symptoms, **chew** 1 tablet before swallowing
 - do not use more than 2 chewable tablets in 24 hours
- children under 12 years: ask a doctor

Other information

- **each tablet contains:** calcium 320 mg, magnesium 70 mg
- read the directions and warnings before use
- read the bottle. It contains important information.
- store at 20°-25°C (68°-77°F)
- protect from moisture

The image shows the packaging for Pepcid Complete, a dual-action antacid. The box is primarily red and blue. The top right corner of the box features the NDC number 16837-891-66. The product name "Pepcid Complete" is prominently displayed in large white letters with a blue outline. Below the name, the ingredients and their functions are listed: Famotidine 10 mg (Acid reducer), Calcium carbonate 800 mg (Antacid), and Magnesium hydroxide 165 mg (Antacid). A key selling point is "Just One Tablet! Relieves Heartburn Due to Acid Indigestion Cool Mint Flavor". The quantity "50 Chewable Tablets" is also shown. An illustration of a single white, round, mint-flavored chewable tablet is shown next to a silhouette of a human torso with a glowing red stomach area. To the right of the box is a yellow-bordered section containing "For Complete Directions and Warnings", "Drug Facts", and "Warnings".
