Gil Peroxy-Plus

Foaming Sanitizing Teat Dip

Dairy Farm Use Only

WARNING Causes eye irritation Harmful if swallowed

Keep Out of Reach of Children

An aid in the prevention of organisms that might cause mastitis.

Not intended to cure or help the healing of chapped or irritated teats.

In case of teat irritation or chapping, have the condition examined.

Important: Do NOT mix with any other teat spray, dip, or product.

Precautions: KEEP FROM FREEZING. If frozen, let thaw and shake thoroughly before using. Do NOT get in eyes or on clothing. Do NOT take internally. Do NOT allow to contaminate food. Wash thoroughly after handling. Keep container tightly closed when not in use. Store in a cool, dry, well-ventilated area out of direct sunlight.

Active Ingredient

Hydrogen Peroxide 1.00%

Inactive Ingredients

Lactic acid, emollients, surfactants, and FD&C color.... 99.00%

FIRST AID

IF IN EYES: ⓂRinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice.

IF SWALLOWED: Drink large amounts of milk, egg whites, or water. Avoid alcohol. Contact a physician. Do not give anything by mouth to an unconscious person.

Directions for Teat Spraying

Use as-is; do NOT dilute. Immediately after milking, spray entire teat with product, and allow to air dry—do NOT wipe.

Do NOT let cows out in freezing weather until completely dry.

Directions for Dipping

Always use fresh, undiluted product. If product in teat-dipping cup becomes visibly dirty, discard contents and refill with fresh product.

Do NOT reuse or return used product to original container.

PRE-MILKING: Fill teat cup with undiluted product. Before each cow is milked, dip the teats as far as possible into teat cup. Wipe teats dry using a single-service towel to avoid contaminating milk.
