Winter Dine

Winter Dine

Winter Dine™ is a sanitizing iodine teat dip that is formulated with a 50% emollient system to enhance skin conditioning during inclement weather. This product, when properly used, is effective as an aid in reducing the spread of organisms which may cause mastitis.

use instructions:

Use at full strength, do not dilute.

Post-Dipping: Dip entire teat. Allow to air dry.

Freshening Cows: Dip teats twice daily for 10 days before calving.

Dry cows: Dip once a day for several days following last milking.

Do not return unused product to original container.

Replace solution if it becomes visibly dirty or cloudy.

Caution:

Hazard statement(s):

May be harmful if swallowed. May cause eye irritation.

Precautionary statement(s):

Do not eat, drink or smoke while using this product. Wear protective clothing, and eye and face protection.

Hazards not otherwise classified: None Known

First Aid:

General Advice: May cause eye irritation with corneal injury and result in impairment of vision.

External: If irritation occurs, flush with plenty of cool, running water for at least 15 minutes while removing contaminated clothing and shoes. Wash clothing before reuse.

Eyes: Immediately flush with plenty of cool, running water. Remove contact lenses; then continue flushing for at least 15 minutes, holding eyelids apart.

Internal: Call a physician immediately. If swallowed, do not induce vomiting. Rinse mouth, then immediately drink one or two large glasses of water or milk. Never give anything by mouth to an unconscious person.

Inhalation of vapors: Should not occur with proper use of this product.
Most important symptoms/effects, acute and delayed: None known
Immediate medical attention and special treatment needed, if any: None known
