

GOLDESSENCE ANTIBACTERIAL WET WIPES- benzalkonium chloride cloth
Hangzhou Glamcos Biotech CO.,LTD

Active Ingredient(s)

Benzalkonium Chloride 0.3%

Purpose

Antiseptic

Use

To clean and decrease bacteria and germs.

Warnings

Keep container tightly sealed, avoid contact with eyes , not for use on broken or sensitive skin, stop use if skin irritation develops, flush eyes immediately if product enters eyes. Keep away from heat and flame. Call a poison control center or doctor for treatment advice. Have the product container label with you when calling a poison control center or doctor, or going for treatment.

Keep out of reach of children and pets.

Directions

Remove cover. Pull up wipe corner from center of roll. Thread through hole in the cover. Replace cover. Open center cap on cover to remove wipe. When not using, close center cap securely to prevent moisture loss. Unfold wipe to wipe down . Dispose of wipe after each use. Let air dry. If area is extremely dirty, clean first with another wipe for best results.

Other information

Do not flush.

Rinse toys or food with clean water after cleaning.

Do not use as a diaper wipe or on sensitive skin.

Do not use on unpainted wood.

Do not use to disinfect dishes, glassware or utensils.

Storage and disposal: Store in original container in areas inaccessible to children. Keep securely closed. Do not reuse or refill this container. Discard empty container in trash or recycle.

Perfect to wipe away tough messes while leaving a refreshing scent behind. Our antibacterial wipes get rid of dirt and grime while wiping away 99.9% of germs and bacteria. Formulated to be gentle on skin without alcohol, dyes, parabens or harsh

chemicals, they can be used safely on your skin. Thoroughly clean by wiping areas until visibly wet, allow to remain wet for 10 minutes, then air dry. Keep a container of wipes in your closet for daily messes, keep some in your car for emergency clean up and when washing your hands with soap and water is not an option.

Inactive ingredients

Water □ Phenoxyethanol □ Propylene Glycol □ Chlorphenesin □ Didecylidmonium Chloride □ Parfum (Fragrance)
