

CERAVIDA FRESH- chitosan liquid
G.CLO CO., LTD

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, [click here](#).

Active Ingredient

Chitosan 5%

Purpose

Anti-Odor

Uses

Anti-odor treatment agents for all Textiles to prevents and removes odor molecules and microbes.

Inactive Ingredients

Acetic acid, Water

Warnings

Eyes

Immediately flush eyes with plenty of water. Contact a physician.

Skin

Inhalation

In case of skin contact, the compound is not Hazardous, but cleansing the skin after use is advisable.

Prolonged inhalation of vapors can cause irritation to respiratory system. If prolonged inhalation is necessary use an approved NIOSH/MSHA respirator.

Keep out of reach of children

If swallowed, get medical help or contact a physician.

Directions

How to use

- Mix together in the proper proportion with the water in the tent's water bath.
- Ceravida Fresh dosage is different depending on the tent capacity.
- It must be sufficiently mixed with the water at a rate of about 5-10% dosage to process the fabric.

How to keep

It is recommended to store at room temperature where sunlight does not reach directly and in closed containers. The viscosity may increase during long-term storage, resulting in sediment. It is directly

soluble in water.

Package Label

THE ULTIMATE NATURAL PERFORMER

CERAVIDA™

FRESH

Antimicrobial & Anti-odor Treatment agent

Anti-odor
CERAVIDA patented technology prevents your garment from body odour. The revolutionary formulation eliminates odours and has high absorption capacity. It keeps your garment fresh.

NATURAL COMPONENTS
CERAVIDA patented technology is formulated with all natural components. Our intensive testing proves that our technology uses no harmful chemicals or toxins. It is completely safe for consumers and the environment.

Net Weight
10kg

CAUTION
Eyes : Immediately flush eyes with plenty of water. Contact a physician. Skin : In case of skin contact, the compound is not hazardous, but cleansing the skin after use is advisable. Inhalation : Prolonged Inhalation of vapors can cause irritation to respiratory system. If prolonged Inhalation is necessary use an approved NIOSH/MSHA respirator. Keep out of reach of children : If swallowed, get medical help or contact a physician.
