Phenoxyethanol Ethylhexylglycerin Benzalkonium Chloride DDAC Propylene Glycol Glycerin Purified Water

**Package Label - Principal Display Panel**

100 PCS IN 1 PAIL NDC: 78736-002-01

XpreCide Disinfecting Wipes offers rapid, safe, powerful antimicrobial activity in areas that need sterilization of bacteria, germs and viruses.

**Safe for use in:** Household areas such as: kitchen, bathroom, bedroom, pet areas, home office  
**Work Areas such as:** desks, keyboard, phones, door handles, tables, chairs, copy machines.  
**Public areas such as:** Gyms, salons, barber shops, tanning salons, public restrooms, restaurants, coffee houses, parks, daycare, nursing homes and more.

**Keep out of reach of children**

**CAUTION:** Always use personal protection such as gloves, mask, and apron when handling these wipes. Avoid contact with eyes, skin or clothing.

**Eye Irritant. Do Not get in eyes. First Aid:** If contact with eyes occur, rinse immediately with water for 15 minutes. Remove any contact lenses and continue rinsing for 15 minutes. If irritation persists, get medical attention.

**Wash hands thoroughly before eating, drinking or using the toilet. Remove and discard contaminated gloves and wash clothing before reuse.**

**Setting up your dispenser:**

(NOTE: always use personal protection such as gloves when handling this solution)  
 Open the dispenser cover and reach in for the inner most wipe in the center of the roll. Pull the first wipe through the opening of the dispenser cover. Press the lid firmly until it locks and discard the first tissue. Close the safe-lock cap of the dispenser system when not in use to preserve the solution and prevent contamination of unused wipes. The cap is safely closed when a click is audible.

**Cleaning Instructions:**

(NOTE: always use personal protection such as gloves when handling this solution)  
 Generally using one wipe would do the trick. When working on heavily soiled areas, use one wipe to remove debris and thoroughly pre-clean surface. Follow with a second wipe to sterilize the area. Once area dries, sterilization is complete.

**STORAGE & DISPOSAL:** Store unopened container in a cool, dry place not accessible to small children. Dispose of wipe in the trash after use. Do not flush down the toilet. Close lid between uses to avoid evaporation & retain moisture. Do not reuse or refill this container. Discard in the trash or other container for recycle.
