

ID ANTI BACTERIAL ALCOHOL BASED HAND AND SKIN DISINFECTANT - alcohol spray

DTH SAGLIK HIZMETLERI TICARET ANONIM SIRKETI

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Hand Sanitizer Spray

Active Ingredient(s)

Ethyl alcohol 70% w/w, 2-Propanol 0.5% w/w

Purpose

Antiseptic

Alcohol-based hand disinfectant

Use

Hand Sanitizer to help reduce bacteria that potentially can cause disease. Effective against bacteria, fungi, viruses. For use when soap and water are not available.

Warnings

This product is only for external use. Keep away from children, food, and animal feed. Do not swallow.

Do not use

- in children less than 2 months of age
- on open skin wounds

When using this product keep out of eyes, ears, and mouth. In case of contact with eyes, rinse eyes thoroughly with water.

Stop use and ask a doctor if irritation and rash occurs. These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

Put enough product (app.3-5 ml) on hands to cover all surfaces. Rub hands together, until hands feel dry. This should take around 20 seconds. Do not rinse or wipe off the hand sanitizer before it's dry; it may not work as well against germs.

Supervise children under 6 years of age when they use hand sanitizer gel to prevent swallowing alcohol, especially in schools and childcare facilities.

Other information

Do not use other disinfectant and cleaning agents. It should be used in its original packaging. Store between 15-30 C (59-86F).Protect from direct sunlight. Avoid freezing and excessive heat above 40C(104F)

Inactive ingredients

Glycerin, Fragrance, Citric acid, Purified water USP
