KILLS MOST GERMS & BACTERIA

\*KILLS MOST ILLNESS CAUSING  
GERMS & BACTERIA

STERIL-WIZE™

Anti-Bacterial Foaming  
Hand Sanitizer with Moisturizers

Steril-Wize™ Foaming Hand Sanitizer is based on the active ingredient Benzalkonium Chloride in a unique, non-drying, moisturizing, and conditioning formulation. In just 15 seconds this formulation kills 99.9% of most common germs and bacteria that may cause illness.

In comparison to alcohol-based hand sanitizers, this formulation is non-flammable, non-staining, and less drying to skin.

Published studies report that Benzalkonium Chloride hand sanitizers, like Steril-Wize™ Foaming Hand Sanitizer, demonstrated greater sustained degerming activity than gelled alcohol hand sanitizers. This formulation produces fast-drying, non-sticky foam that contains unique non-drying, conditioning, and moisturizing ingredients, and silky after-feel.
