**PURPOSE**

PURPOSE: Skin Protectant

**WARNINGS**

Warnings: 1. In case of having following symptoms after using this, you're advised to stop using it immediately. If you keep using it, the symptoms will get worse and need to consult a dermatologist.

1) Reddening of your face This is the phenomenon caused by the activation of your capillary with the strong effects of lifting, which is similar to the reddening when the blood circulation gets fast and when you are drunk. It won't last for more than 30 minutes to an hour. However, if this symptom lasts for more than 24hrs ~ 48hrs, then it can be regarded as a trouble, so that you must stop using the product.

2) Pricking of your skin Momentarily, the strong lifting is done toward one's skin so that a person with sensitive skin may temporarily feel hot; it is not a side effect, so that you may feel relief when using the product.

3) Itching of your skin It is the phenomenon with the cracking by the hardening of the detoc pack; a person with dry skin may have the symptom of itching more, but it is also not a side effect so that you may feel relief when using the product.
