

SALONPAS PAIN RELIEF- menthol, methyl salicylate patch
Hisamitsu Pharmaceutical Co., Inc.

Active ingredients (in each patch)

Menthol 3%

Methyl salicylate 10% (NSAID : nonsteroidal anti-inflammatory drug)

Purpose

Topical analgesic

Uses

Temporarily relieves mild to moderate aches and pains of muscles and joints associated with:

- strains
- sprains
- simple backache
- arthritis
- bruises

Warnings

For external use only

Stomach bleeding warning:

This product contains an NSAID, which may cause stomach bleeding. The chance is small but higher if you:

- are age 60 or older
- have had stomach ulcers or bleeding problems
- take a blood thinning (anticoagulant) or steroid drug
- take other drugs containing an NSAID [aspirin, ibuprofen, naproxen, or others]
- have 3 or more alcoholic drinks every day while using this product
- take more or for a longer time than directed

Do not use

- on the face or rashes
- on wounds or damaged skin
- if allergic to aspirin or other NSAIDs
- with a heating pad
- when sweating (such as from exercise or heat)
- any patch from a pouch that has been open for 14 or more days
- right before or after heart surgery

Ask a doctor before use if

- you are allergic to topical products
- the stomach bleeding warning applies to you
- you are taking a diuretic
- you have high blood pressure, heart disease, or kidney disease

When using this product

- wash hands after applying or removing patch. Avoid contact with eyes. If eye contact occurs, rinse thoroughly with water.
- the risk of heart attack or stroke may increase if you use more than directed or for longer than directed

Stop use and ask a doctor if

- stomach pain or upset gets worse or lasts
- you feel faint, vomit blood, or have bloody or black stools. These are signs of stomach bleeding.
- rash, itching or skin irritation develops
- condition worsens
- symptoms last for more than 3 days
- symptoms clear up and occur again within a few days

If pregnant or breast-feeding,

ask a health professional before use. It is especially important not to use methyl salicylate at 20 weeks or later in pregnancy unless definitely directed to do so by a doctor because it may cause problems in the unborn child or complications during delivery.

Keep out of reach of children.

If put in mouth, get medical help or contact a Poison Control Center right away. Package not child resistant. Dispose of the used patches after folding sticky ends together.

Directions

Adults 18 years and older:

- only use one patch at a time
- clean and dry affected area
- remove patch from backing film and apply to skin (see illustration)
- apply one patch to the affected area and leave in place for up to 8 to 12 hours
- if pain lasts after using the first patch, a second patch may be applied for up to another 8 to 12 hours
- do not use more than 2 patches per day
- do not use for more than 3 days in a row
- the used patch should be removed from the skin when a new one is applied

Children under 18 years of age: do not use; this product has not been shown to work in children

Other information

- store at 20 - 25 degrees Celsius (68-77 degrees Fahrenheit)
- avoid storing product in direct sunlight
- protect product from excessive moisture
- some individuals may not experience pain relief until several hours after applying the patch

Inactive ingredients

alicyclic saturated hydrocarbon resin, baking cloth, film, mineral oil, polyisobutylene, polyisobutylene 1,200,000, styrene-isoprene-styrene block copolymer, synthetic aluminum silicate
