

BIOVANTA DOUBLE ACTION- acetylsalicylic acid spray
Applied Biological Laboratories Inc.

bio vanta (NSAID*) Dual Action Throat Spray

Drug Facts

Active ingredient

(in each dosage) Acetyl Salicylic Acid* (NSAID) 6mg*

Purpose

Analgesic

Uses

For the temporary relief of minor aches and pains associated with a sore throat.

Warnings

Reye's syndrome: Children and teenagers who have or are recovering from chicken pox or flu-like symptoms should not use this product. When using this product, if changes in behavior with nausea and vomiting occur, consult a doctor because these symptoms could be an early sign of Reye's syndrome, a rare but serious illness.

Allergy alert: Aspirin may cause a severe allergic reaction which may include:

- asthma (wheezing)
- hives
- facial swelling
- shock

Stomach bleeding warning: This product contains an NSAID, which may cause severe stomach bleeding. The chance is higher if the user:

- has had stomach ulcers or bleeding problems
- takes a blood thinning (anticoagulant) or steroid drug
- takes other drugs containing prescription or nonprescription NSAIDs (e.g. aspirin, ibuprofen, naproxen, or others)
- takes more than directed or for a longer time than directed
- is age 60 or older
- has 3 or more alcoholic drinks every day while using this product

Pregnancy

If pregnant or breast-feeding, always ask your healthcare provider before use.

Do Not Use

Do not use:

- if you have stomach problems (such as heartburn, upset stomach, or stomach pain) that persist or recur, or if you have ulcers or bleeding problems, unless directed by a doctor
- If allergic to milk and/or egg white, or have ever had an allergic reaction to this product or any of its ingredients.

A persistent cough may be a sign of a serious condition. If cough persists for more than 1 week, tends to recur, or is accompanied by fever, rash, or persistent headache, consult your healthcare provider.

Keep Out of Reach of Children

Children Warning:Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Directions

- Apply one spray of Step1 and one spray of Step2 to the affected area. Apply as needed - no more than once every 30 minutes.
- Once mixed, do not use after 90 days.

Other Information

- Store at room temperature.
- Check unmixed product expiration date. Once mixed, fill in activation date on spray label watermark area. Do not use after 90 days after activation.
- **Tamper Evident:**Do not use if imprinted shrink band is broken or missing.
