Caution

Caution:

1. It is absolutely critical for one to use only AN's products while on the program; using or mixing with any other products will show nothing of the desired effect.
2. There may be side effects for first-time users.
3. Using the Dahyeen herbal soap as face wash is the most important step of all, so it must be used to wash up cleanly before applying any other products.
4. Please use in the following order: Dahyeen herbal soap, Pack, Eye cream, Essence, Nutrition cream, then BB cream.

KEEP OUT OF REACH OF CHILDREN

Keep out of reach of children: Keep out of reach of babies and children.

INDICATIONS & USAGE

Indications & usage:

1. Open the wine colored pack to the dotted line(please be careful not to spill any of the liquid inside)
2. Open the small transparent vial and pour it into the pack (please be careful not to spill)
3. Seal the wine colored pack tightly and shake it steadily but vigorously 10 or more times (after shaking adequately the contents should turn into gel).
4. Apply the gel mixture all over the face with the included cosmetic brush.
5. It may depend on the person, but the wait time is around 15-20 minutes (while waiting, fan your face lightly). Please refrain from moving or speaking as much as possible.
6. The first few times the pack may pull very tightly and become discolored depending on the area (due

to removing the wastes from inside the skin). The state of being pulled very taut does depend on the skin type, but there is nothing to worry about as the tightening is part of the process.

7. After the pack is sufficiently dry, wash it off with warm water; wash twice with soap once again like step number 1 of 1.

8. Dab away the excess moisture with a dry towel.
