DermaWash

Dosage & Administration

Directions for Use:

1. Rinse face and/or body with warm water.
2. Dispense 1 to 2 pumps of cleanser onto palm or washcloth.
3. Rub palms or washcloth together, spreading cleanser evenly and building a lather.
4. Cleanse skin gently but thoroughly.
5. Rinse face and/or body with warm water.

Purpose

KAVI DermaWash provides an ideal approach to cleansing normal or combination skin with pH sensitivity. DermaWash utilizes allergy-tested ingredients that are non-comedogenic, pH-balancing, and completely free of animal products.

Frequent washing will not cause dryness or irritation, and DermaWash will not aggravate rosacea, eczema, psoriasis, and many varieties of skin allergies.

DermaWash is made with colloidal sulfur to enhance the hydrolipidic layer's acidity and protect skin from bacterial infections. Suitable for use on the face and body, it is easy on the senses and a practical replacement to traditional animal-based soaps.

Designed for daily use, DermaWash can also serve as an ideal cleanser for pre-peel preparation of skin.

Indications & Usage

DermaWash is best suited for the treatment of acne-prone skin.

Directions:

1. Rinse face and/or body with warm water.
2. Dispense 1 to 2 pumps of cleanser onto palm or washcloth.
3. Rub palms or washcloth together, spreading cleanser evenly and building a lather.
4. Cleanse skin gently but thoroughly.
5. Rinse face and/or body with warm water.
