Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

drug facts

Active ingredient

Purpose

Benzocaine 7.5%.....Oral Pain Reliever

Uses

- temporary relief of sore gums due to teething in infants and children 4 months and older

Keep out of reach of children. If case of allergic reaction or overdose, seek medical attention or contact a Poison Control Center immediately.

Uses

- temporary relief of sore gums due to teething in infants and children 4 months or older

Other information- do not use if tube tip is cut prior to opening

Warnings

Allergy alert: do not use this product if your baby has a history of allergy to local anesthetics such as butacaine, benzocaine, procaine, or other "caine" anesthetics

Do not use - more than directed - for more than 7 days, unless directed by a dentist or doctor

When using this product - fever and nasal congestion are not symptoms of teething and may indicate the presence of infection. if these symptoms persist, contact your dentist or doctor.

Stop use and consult a dentist or doctor if:

- sore gum symptoms do not get better in 7 days
- irritation, pain or redness does not go away - rash, swelling or fever develops

Keep out of the reach of children. In case of allergic reaction or overdose, seek medical attention or contact a Poison Control Center immediately.

Directions

- clean hands thoroughly - cut open tip of tube on score line
- use your fingertip or cotton swab to apply a small, pea-size amount of CVS Baby Teething Gel
- apply to the affected area up to four times a day or as directed by a dentist or doctor
- consult a dentist or doctor for infants under 4 months of age

Other information

do not use if tube tip is cut prior to opening

Inactive Ingredients

FD and C red no. 4, flavor, glycerin, propylene glycols, purified water, sodium saccharine, sorbic acid, sorbitol

CVS/Pharmacy Baby Teething Gel Pain Medication is a safe, soothing gel, with a pleasant cherry flavor, that helps relieve teething pain immediately by its topical anesthetic effect on the gums.

*This product is not manufactured or distributed by DEL PHARMACEUTICAL, INC., owner of the register trademark Baby Orajel.®
