-----

**Harmon Wart Remover Gel Pen**

***Active Ingredient***

Salicylic acid 17%w/w

**□ *Purpose***

Wart remover

**□ *Use***

- for the removal of common and plantar warts. The common wart is easily recognized by the rough 'cauliflower-like' appearance of the surface
- plantar wart is recognized by its location only on the bottom of the foot, its tenderness and the interruption of the footprint pattern

**□ *Warnings***

**□ For external use only.**

**□ *Flammable***

- keep away from fire or flame

**Do not use**

- if you are a diabetic or have poor blood circulation, except under the advice and supervision of a doctor or podiatrist
- on moles, birthmarks and warts with hair growing from them
- on mucous membranes
- on irritated, infected or reddened skin
- on genital warts and warts on the face

**When using this product**

- avoid contact with eyes
- if product gets into the eyes, flush with water for 15 minutes
- avoid inhaling vapors

**Stop use and consult a doctor if**

discomfort persists

**Keep out of reach of children.**

If swallowed, get medical help or contact a Poison Control Center right away.

***Directions***

- wash affected area

- may soak wart in for 5 minutes
- dry area thoroughly
- remove cap from pen
- remove insert pin from the tip
- twist and click pen until wart remover gel is dispense onto the tip of the applicator. Initial use will require several rotations for the gel to load
- apply a small amount at a time with applicator to sufficiently cover each wart
- let dry
- repeat this procedure once or twice daily as needed (until wart is removed) for up to 12 weeks
- for storage ensure applicator is free of excess gel before placing the insert pin back into the tip

### **Other information**

- store between 59°F to 86°F (15°C to 30°C)
- if gel hardens at tip of applicator, dispense product and remove blockage

### ***Inactive ingredients***

camphor, castor oil, ethyl acetate, hydroxypropyl cellulose, hypophosphorous acid, isopropyl alcohol, nitrocellulose, polysorbate 80, SDA 3C ethyl alcohol
