7% Iodine NPE Free Topical Antiseptic

ACTIVE INGREDIENT

Iodine Complex 36%

Isopropyl Alcohol 40%

Indications and Directions

Usage:

A topical antiseptic for use on cattle, horses, swine and sheep to reduce the risk of infection and cross infection of superficial cuts and abrasions.

Directions:

Cleanse affected area thoroughly with mild soap and water. Apply 7% Iodine lightly to affected area not more than once daily. Do not use under a bandage as a burn may result. Prior to use on open skin, dilute 1 part 7% iodine with 3 parts water.

Caution

Caution:

If redness, irritation or swelling persists or increases, discontinue use and consult a veterinarian. Avoid contact with eyes and mucous membranes. Do not use on burns, in body cavities or on deep or punctured wounds.

Danger

Keep out of reach of children. Read label before use. Do not get in eyes or on clothing. Keep container tightly closed. Keep away from heat, sparks, open flames and hot surfaces. No smoking. Wear rubber gloves, chemical goggles or face shield. Ground container and receiving equipment. Take precautionary measures against static discharge. Wash hands thoroughly after handling. Avoid breathing fumes/mist/vapors and spray. Use only outdoors or in well-ventilated area.

If in Eyes: Rinse cautiously with water for several minutes.

Remove contact lenses if present and easy to do. Continue rinsing for 15 minutes. Get immediate medical attention.

If Swallowed: Rinse mouth. Do not induce vomiting. Get immediate medical attention.

If On Skin: Immediately remove all contaminated clothing and wash before reuse. Wash skin with plenty of water for 15 minutes.

If skin irritation occurs, get medical attention.

If Inhaled: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. If experiencing respiratory symptoms, get immediate medical attention.
