Quip Anticavity Fluoride Mouthwash Concentrate

Drug Facts

Active ingredient (diluted solution)

0.05% Sodium fluoride (0.02% w/v fluoride ion)

Purpose

Anticavity

Use

Aids in prevention of dental cavities

Warnings

Keep out of reach of children. If more than used for rinsing is accidentally swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Do not use before mixing with water
- Measure 2.5ml. Dilute with water to 4x volume (10ml). Use immediately
- **Adults and children 6 years of age and older:**
- Use once a day after brushing your teeth with a toothpaste
- Vigorously swish 10ml of rinse between your teeth for 1 minute and then spit out
- Do not swallow the rinse
- Do not eat or drink for 30 minutes after rinsing
- Supervise children as necessary until capable of using without supervision
- **Children under 6 years of age:** consult a dentist or doctor

Other information

- Do not store the diluted product
- Store concentrate at room temperature
- Do not use if seal under cap is broken or missing.

Inactive ingredients

Water, Xylitol, Erythritol, Polysorbate 20, Flavor, Sucralose, Disodium EDTA, Cetylpyridinium Chloride, Sodium Hydroxide
