ABSORBINE® HOOFLEX® Therapeutic Conditioner ORIGINAL OINTMENT

- Treats Brittle Hooves
- Original Breathable Moisture Balance
- Antibacterial & Antifungal to Help Prevent Infection
- Long-Lasting
- Helps Protect Hoof Wall, Sole & Frog

For over 70 years, Hooflex® has been used to help restore and support flexible, healthy hooves. Hooflex® Conditioner works in wet or dry conditions because it maintains a **breathable moisture balance**.

Directions

To Maintain Healthy Hooves

Clean hoof then apply small amount to hoof wall and coronet using a brush or cloth. Repeat weekly. For added protection, apply to hoof sole and frog to restore and protect breathable moisture balance.

For Cracked or Chipped Hooves

Apply two or more times a week to hoof wall and sole until crack or chip grows out. Check for infections that may prevent the crack from growing out. If severe bacteria or fungi are present, consult your veterinarian or farrier.

Caution

COMBUSTIBLE. **KEEP OUT OF REACH OF CHILDREN.** FOR EXTERNAL USE ONLY. Do not apply to irritated skin. If excessive irritation develops discontinue treatment. Avoid getting into eyes or mucous membranes. FOR ANIMAL USE ONLY.

Store Hooflex® Conditioner at room temperature for easy application.

This panel has a yellow background with a white central box containing text. At the top of the box is the Absorbine logo. Below it, the text reads "The Horse World's Most Trusted Name®" followed by "HOOFLEX®" in large bold letters. Underneath is "THERAPEUTIC CONDITIONER • ORIGINAL OINTMENT". A list of benefits follows: "• Treats Brittle Hooves", "• Original Breathable Moisture Balance", "• Antibacterial & Antifungal to Help Prevent Infection", "• Long-Lasting", and "• Helps Protect Hoof Wall, Sole & Frog". The text then states: "For over 70 years, Hooflex® has been used to help restore and support flexible, healthy hooves. Hooflex® Conditioner works in wet or dry conditions because it maintains a **breathable moisture balance**." This is followed by "Directions: To Maintain Healthy Hooves: Clean hoof then apply small amount to hoof wall and coronet using a brush or cloth. Repeat weekly. For added protection, apply to hoof sole and frog to restore and protect breathable moisture balance." and "For Cracked or Chipped Hooves: Apply two or more times a week to hoof wall and sole until crack or chip grows out. Check for infections that may prevent the crack from growing out. If severe bacteria or fungi are present, consult your veterinarian or farrier." A "Caution" section follows: "COMBUSTIBLE. KEEP OUT OF REACH OF CHILDREN. FOR EXTERNAL USE ONLY. Do not apply to irritated skin. If excessive irritation develops discontinue treatment. Avoid getting into eyes or mucous membranes. FOR ANIMAL USE ONLY. Store Hooflex® Conditioner at room temperature for easy application." The final line lists "Active Ingredients: Chloroxylenol 1.5% Inactive Ingredients: Aloe Barbadensis Leaf Juice, Lanolin, Neatsfoot Oil (Bubulum Oil), Paraffin, Petrolatum, Pinus Palustris Wood Tar, Rosin, Tallow, Turpentine".
