Description:

FloraMax is an orally administered prescription probiotic formulation for the clinical dietary management of suboptimal nutritional status in patients where advanced supplementation is required and nutritional supplementation in physiologically stressful conditions for maintenance of good health is needed.

This listed product is not a National Drug Code, but instead has merely been formatted to comply with standard industry practice for pharmacy and insurance computer systems.

Warnings:

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients, including milk products.

FloraMax should only be used under the direction and supervision of a licensed medical practitioner. Use with caution in patients that may have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking medications.

Dosage:

Usual dosage is 4 tablets 3 to 4 times daily, or as recommended by your healthcare

professional.

Packaging:

FloraMax is supplied as white, round tablets dispensed in plastic bottles of 50 ct.
