

TBOSEN EMERGENCY STERILIZATION CARD- chlorine dioxide sustained release granules granule, delayed release

Jiangsu Tianbosheng Technology Co., Ltd.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, [click here](#).

Tbosen Sterilization Card, ClO₂, Granules

Active ingredient

Chlorine Dioxide: 1g/pack Purpose: Antibacterial

Inactive ingredients

Citric acid

Sodium chlorite

Sodium chloride

Sodium bicarbonate

Sodium molybdate

Activator

Sodium sulfate

Essence

Purpose

Antibacterial

When using

Please do not contact this product directly with skin or close-fitting clothing, please use it on the outermost clothing.

Please do not place it with food. If you eat it carelessly, please rinse your mouth immediately for medical treatment.

Do not use it during sleep.

Do not use

Allergic to chlorine dioxide preparation please prohibit the use.

It is strictly prohibited to place in drinks or oral sterilization.

Stop use

Due to the release characteristics of the product, taste may be generated during use.

If irritation or discomfort occurs, discontinue use and see a doctor.

Ask doctor

If irritation or discomfort occurs, discontinue use and see a doctor.

If you eat it carelessly, please rinse your mouth immediately for medical treatment.

Ask doctor/pharmacist

Ask doctor/pharmacist when you current use other drugs.

KEEP OUT OF REACH OF CHILDREN

Please put it in an untouchable position for infants, pets and people with cognitive impairment.

Questions

Please contact us when you have any questions.

Telephone: +86-4008284131

Pregnancy or breast feeding

Pregnant or breast feeding women shall follow doctor advice.

Indications & usage

Product Features; Gaseous circulation disinfection, 360° without dead corners, fast and effective disinfection, especially suitable for influenza season. The application of the new disinfection technology of A1 grade (the same level as drinking water and salt) recognized by the World Health Organization is non-toxic and has no side effects.

Product Efficacy: Quickly kill bacteria, germs, poisonous bacteria and other microorganisms in the air; Purify formaldehyde, TVOC, smoke poison and other harmful substances in the air; Dispel odor, fishy smell and other peculiar smell.

Usage: Plug-in. Tear open the aluminum foil inner bag, take out the disinfection card, and install the hanging rope or clip; It can be carried with you; It can be trailer or wardrobe; Desks or desks can be placed; It can be used as a space for disinfection, odor removal, antivirus and in addition to formaldehyde.

Dosage & administration

10g/piece * 5 pieces/box

Scope of Application: The relatively closed space inside the room and the car; Offices, schools, hospitals, subways, engine rooms, shopping malls, restaurants, hotels and other public places are especially suitable, covering 1m³.

Dosage forms & strengths

Dosage form: Release Granules.

Strength: 1g/10g.
