

HAND SANITIZER GEL W/VIT E/ALOE- alcohol gel
REALCHEM MANUFACTURING

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

70% ETOH gel HS w/Vit E/aloe/unscented

This is a hand sanitizer unscented gel containing Vitamin E and Aloe manufactured according to FDA guidance.

Active Ingredient(s)

Alcohol 70% v/v. Purpose: Antiseptic

Purpose

Antiseptic, Hand Sanitizer

Use

Hand Sanitizer to help reduce bacteria that potentially can cause disease. For use when soap and water are not available.

Warnings

For external use only. Flammable. Keep away from heat or flame

Do not use

- in children less than 2 months of age
- on open skin wounds

When using this product keep out of eyes, ears, and mouth. In case of contact with eyes, rinse eyes thoroughly with water.

Stop use and ask a doctor if irritation or rash occurs. These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Stop use and ask a doctor if irritation or rash occurs. These may be signs of a serious condition.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Place enough product on hands to cover all surfaces. Rub hands together until dry.
- Supervise children under 6 years of age when using this product to avoid swallowing.

Other information

- Store between 15-30C (59-86F)
- Avoid freezing and excessive heat above 40C (104F)

Inactive ingredients

Glycerin, Rapidgel EZ-1, Tocopheryl Acetate (Vitamin E), Aloe Barbedensis (Pure Inner Leaf Juice), purified water USP

Package Label - Principal Display Panel

237 mL NDC: 79363-704-08

Most Trusted™

SIMPLE QUALITY INGREDIENTS TO MAKE YOUR LIFE EASIER, SAFER AND CLEANER.

We created our Most Trusted™ Hand Sanitizer during a time when we couldn't find any safe, quality products to use on our preschooler's hands with ingredients we could recognize. We wanted to use the best ingredients throughout the process including starting with the finest 190 or 200 proof Ethyl Alcohol prior to the denaturing process and Aloe Vera Inner Leaf Juice. Other products we tried were poor smelling or had ingredients we couldn't pronounce. Definitely not something we would use on our daughter's hands and with twins on the way, we had to create something extra special.

In our quest for ingredients, many companies tried to sell us the same inferior raw materials that seem to have become standard on the market today, but we turned them all away. After many months of research and testing of various raw ingredients, we created our Most Trusted™ Hand Sanitizer line with families in mind because every person is someone's child, whether you're a parent, doctor, nurse, First Responder, teacher, bank teller, cashier, restaurant worker or your neighbor and that makes you special!

We hope to serve others who care about OLD FASHIONED INTEGRITY from a 35 year old company using ONLY quality ingredients for your family's skin just like we do. We don't want you to have to worry about what's in your hand sanitizer. Just a few simple quality ingredients to make your life easier, safer and cleaner.
