How to use the wipe

When using 1 the soft wipe, just open the corner and tear off the inner sealing sticker. When you can't tear it off, the seal is intact. The sealing of inner and outer is a corner where the seal is, so you can't tear it off.

1. Open the corner and tear it off the inner sealing sticker. 2. Use the corner to wipe the surface. 3. An intact inner seal means the wipe is still sealed.
