Liquid Multivitamin Supplement

If you have any questions concerning your child's supplement needs, please consult your child's physician.

The American Academy of Pediatrics (AAP) recommends using a vitamin D supplement for exclusively and partially breastfed babies because of the low average levels of vitamin D in breast milk.

POLYVITE Drops with IRON is designed to help meet the nutritional needs of your growing infant or toddler.*

POLYVITE Drops with IRON is an ideal multivitamin supplement during your child's transition to solid foods, during growth spurts, or for the picky eater.

One daily dose of POLYVITE Drops with IRON has multivitamin with natural fruit flavored.

POLYVITE Drops with IRON is gluten-free, lactose-free and contain no artificial colors.

* This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of the reach of children. In case of accidental overdose, call a doctor or poison control center immediately.
