

PHYTOVET KET FLUSH- ketoconazole, phytosphingosine hydrochloride solution
Henry Schein Animal Health

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

PHYTOVET KET FLUSH

Active Ingredients: Ketoconazole 0.1%, Phytosphingosine HCl 0.01%.

Inactive Ingredients: Water, SDA 40B 190 Proof, Nonoxynol-9, Disodium EDTA, Tromethamine, Methylisothiazolinone.

Properties: PhytoVet KET Flush is an antiseptic (antibacterial and antifungal) solution for gentle cleansing and flushing of ears and skin. Contains ketoconazole for the management of yeasts and fungi, and preservatives for antibacterial activity. PhytoVet KET Flush contains phytosphingosine, a pro-ceramide to help support a healthy skin barrier. Phytosphingosine HCl also has antiseptic properties.

Indications: For use on dogs, cats and horses only. For the antiseptic cleansing of skin and ears.

Directions for use: Shake well before use.

Skin cleaning: Apply liberally to the affected area(s). Use cotton or absorbent material to clean excess solution and wipe away debris. Do not allow the animal to lick the treated area until dry to prevent ingestion.

Ear flushing: Instill liberally into the ear canal while keeping the ear flap up. Gently massage the base of the ear for a few seconds. Wipe the interior flap with cotton or gauze.

Apply twice daily or as directed by your veterinarian. Wash hands after use.

Cautions: For external use on dogs, cats and horses only. Avoid contact with the eyes. In case of contact with eyes, rinse thoroughly and consult your veterinarian. If skin irritation occurs or increases, discontinue use and consult with your veterinarian. Do not use in the case of a suspected ruptured eardrum.

Storage Conditions: Store at room temperature. Do not freeze.
