ILIA SUPER SERUM SKIN TINT (ST9.5 BAIKAL)

SUPER SERUM TEINTÉ ÉCRAN SOLAIRE À LARGE SPECTRE SPF 40.
HYDRATANT, PROTECTION NATURELLE.

NIACINAMIDE + SQUALANE + ACIDE HYALURONIQUE

Serum teinté propre et sain, sans silicone ni parfum, enrichi de principes actifs nourrissants et d'oxyde de zinc non-nano au FPS 40. Cette formule innovante et fluide de couverture légère laisse un fini radieux qui garde l'aspect naturel de la peau. Le squalane végétal (6%) contribue à équilibrer la peau et à améliorer son élasticité, tandis que la niacinamide (2%) favorise une texture plus uniforme. Le mélange d'acides hyaluroniques (macro et micro) pénètre les différentes couches de la peau pour la repulper et sceller l'hydratation. Les ridules et les imperfections

sont atténués et la peau apparaît plus lisse. Non-comédogène. Sans corps gras. Testé dermatologiquement. Convient aux peaux sensibles.
MODE D'EMPLOI: Agitez vigoureusement avant l'usage. Déposez une quantité égale de produit dans le creux de vos mains et appliquez sur un sérum. À l'application, le produit aura un aspect plus clair et prendra progressivement sa vraie teinte. Fixez avec la poudre de finition Soft Focus.
