8 FL. OZ. (237 mL)

Steroid-Free - Allergy-Tested

Origins Natural Menthol, which has been used for centuries, is sourced from peppermint and other mint oils. Its aromatic companion—Natural Camphor—is derived from Asia's camphor laurel tree (*Cinnamomum camphora*). Renowned for its skin-soothing properties, Almond Oil (*Prunus amygdalus dulcis*) is naturally rich in Vitamin E.

Indications Earth's Care Anti-Itch Lotion is a powerful combination of Natural Menthol and Natural Camphor—two ingredients proven to alleviate itching. Menthol provides a dual cooling/warming effect while Camphor soothes the itchy area. Both work quickly and naturally to desensitize sensory nerves so the itch sensation is suppressed.

Suitable for daily use, this proprietary non-greasy formula contains no steroids, phthalates or parabens.

- No Animal Testing
- Steroid Free
- No Artificial Colors or Fragrances
- No Petrolatum
