## **Dermeleve®**

Dermeleve® is formulated for dry and itchy skin using the latest advancements in dermatological science. DERMELEVE® ADVANCED FORMULA Soothing Cream is a proprietary formula that delivers effective relief and moisturizes the skin.

## **SrX-38™**

SrX-38™ is a proprietary formulation containing active drug and soothing cosmetic ingredients, including Aluminum Acetate, Strontium Mineral Salts, Hyaluronic Acid, Shea Butter, Ceramides, and Vitamins C+E that have been clinically proven to reduce irritation and itch while enhancing the natural skin barrier to lock in moisture and block external irritation.

Daily use of Dermeleve® ADVANCED FORMULA Soothing Cream can help reduce the irritation from extremely dry and itchy or eczema prone skin. Visible improvement in the skin's condition may be observed with regular use.
