

FIRST AID BEAUTY FAB PHARMA BHA ACNE SPOT TREATMENT- salicylic acid gel

The Procter & Gamble Manufacturing Company

First Aid Beauty FAB Pharma BHA Acne Spot Treatment Gel

Drug Facts

Active ingredients

Salicylic Acid 2%

Purpose

Acne Treatment

Uses

- for the treatment of acne

Warnings

For external use only.

When using this product

- Skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.
- avoid contact with eyes. If contact occurs, rinse eyes thoroughly with water.

Stop use and ask a doctor if skin irritation occurs/gets worse.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- After cleansing, cover problem areas with a thin layer up to three times daily.
- Because excessive drying of the skin may occur, start with one application daily then gradually increase to two to three times, as needed.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.

Water, butylene glycol, hydroxyethylcellulose, glycerin, phenoxyethanol, sodium hydroxide, glycolic acid, urea, aloe barbadensis leaf juice, bisabolol, colloidal oatmeal, maltodextrin, carica papaya (papaya) fruit extract, potassium sorbate, sodium benzoate, camellia sinensis leaf extract, chrysanthemum parthenium (feverfew) extract, glycyrrhiza glabra (licorice) root extract, salix nigra (willow) bark extract, disodium

phosphate, polysorbate 60, leuconostoc/radish root ferment filtrate, sodium phosphate, citric acid
