-----

**Anti-Acne Lotion**

**Drug Facts**

**Active Ingredients                      Purpose**

Precipitated Sulfur 6.6%.....Acne medication

**Use** for the treatment of acne. Penetrates pores to clear most acne blemishes, acne pimples, blackhead, and whiteheads. Helps prevent the development of new acne blemishes, blackheads, and whiteheads.

**Keep out of reach of children.**

In case of incidental ingestion, get medical help or contact a poison control center immediately.

**Directions**

- Cleanse the skin thoroughly before applying medication.
- Using a cotton swab, cover the entire effected area with a thin layer one to three times daily.
- Because excessive drying of the skim may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor. If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
- Shake well before use

**Warnings**

**For external use only**

**When using this product**

- Using other topical acne medications at the same time or immediately following use of this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a doctor.
- Do not get into eyes. If excessive skin irridation develops or increases, discontinue use and consult a doctor.

**Inactive ingredients**

Purified water, Ethyl alcohol, DMDM Hydantoin, Cabomer, Fragrance, Triethanolamine, Calcium oxide.
