Scott's SELECT NEUTRAL APF GEL

Drug Facts

<u>Active Ingredient</u>	<u>Purpose</u>
Sodium Fluoride 2%	Anticaries

Use

Prescription fluoride treatment gel used to prevent dental decay.

Warnings

- Keep out of reach of children.
- Do not swallow. If product is accidentally swallowed in quantities greater than would normally occur with a treatment gel, seek medical help or contact a Poison Control Center immediately.
- Do not use on patients with an allergy to fluoride.
- Scott's APF Gel contains artificial color, confirm that no known patient allergies exist.
- For professional use only.

Directions

- Shake well before use.
- This is a four minute fluoride gel for in-office patient use.
- For best results, use at least twice a year.
- After thorough prophylaxis, fill two single or one dual tray one third full with gel. Air dry teeth and insert trays into the mouth.
- Instruct patient to bite down lightly but firmly for four minutes.
- Remove trays, instruct patient to expectorate any excess gel and not to eat or drink for at least 30 minutes.

Other Information

- Store at 59° –86°F (15°–30°C).
- Protect from freezing.
- Scott's APF Gel is free of gluten, soy, milk, egg, peanut and tree nut products.
