WOUND & INFECTION MEDICATION

DRUG FACTS

Active Ingredients Purpose

Benzalkonium Chloride 0.15%.....Antimicrobial

Purpose

Antimicrobial

Uses

cleans area around wound, kills bacteria that cause infection and speeds healing

Warnings

For external use on dogs only.

Do not use

- On dogs less than 12 weeks old
- In eyes, over large areas of the body, in cases of deep or punctured wounds, on animal bites, or on serious burns
- If redness, irritation, or swelling persists or increases stop use and consult a veterinarian
- For over one week unless directed by a veterinarian. If condition persists or gets worse, consult a veterinarian

Keep this and all pet products out of reach of children.

Directions

thoroughly cleanse affected area to remove dirt and debris. Rinse well to eliminate any soap residue. Apply lotion twice daily or as needed. Do not wash off. Continue usage until area is completely healed. Wash hands after application.

Other information

avoid temperatures above 86 F
