- trouble urinating due to an enlarged prostate gland

**When using this product**

- **do not use more than directed**
- do not use for more than 3 days. Use only as directed.

Frequent or prolonged use may cause nasal congestion to recur or worsen.

- temporary discomfort such as burning, stinging, sneezing, or

an increase in nasal discharge may occur

- use of this container by more than one person may spread

infection

**Stop use and ask a doctor if** symptoms persist.

**If pregnant or breast-feeding,** ask a health professional before use.

**Keep out of reach of children.** If swallowed, get medical help or contact a Poison Control Center right away.

**Directions** • adults and children 6 to under 12 years of age (with adult supervision): 2 or 3 sprays in each nostril not more often than every 10 to 12 hours. Do not exceed 2 doses in any 24-hour period. • children under 6 years of age: consult a doctor • shake well before use. Remove safety

seal. To open, rotate cap to align the marks. Squeeze cap on both sides in a counter-clockwise turn and pull off to remove. To spray, remove clamp and hold bottle with thumb at base and nozzle between first and second fingers. Without tilting the head, insert nozzle into nostril. Fully depress rim with a firm, even stroke and sniff deeply. Wipe nozzle clean after use and snap cap onto bottle.

**Other information** • store at room temperature 20-25°C (68-77°F) • keep carton for full labeling

**Inactive ingredients** benzalkonium chloride, benzyl alcohol, edetate disodium, polyethylene glycol 1500, povidone k30, purified water, sodium phosphate dibasic, sodium phosphate monobasic monohydrate
