

AVENE SOLAIRE UV TINTED MINERAL SUNSCREEN SPF 50 PLUS- zinc oxide lotion
Pierre Fabre USA Inc.

Avene Solaire UV Tinted Mineral Sunscreen SPF 50 PLUS

Drug Facts

Active ingredient

Zinc Oxide 12%

Purpose

Sunscreen

Uses

• helps prevent sunburn • if used as directed with other sun protection measures (**see Directions**), decreases the risk of skin cancer and early skin aging caused by the sun.

Warnings

For external use only

Do not use

on damaged or broken skin.

When using this product,

keep out of eyes. Rinse with water to remove.

Stop use and ask a doctor

if rash occurs.

Keep out of reach of children.

If product is swallowed, get medical help or contact a Poison Control Center right away.

Directions

• shake well before use • apply liberally 15 minutes before sun exposure • reapply: • after 40 minutes of swimming or sweating • immediately after towel drying • at least every 2 hours.

• **Sun Protection Measures.** Spending time in the sun increases your risk of skin

cancer and early skin aging. To decrease this risk, regularly use a sunscreen with a broad spectrum SPF of 15 or higher and other sun protection measures including: • limit time in the sun, especially from 10 a.m to 2 p.m. • wear long-sleeve shirts, pants, hats, and sunglasses. • children under 6 months: Ask a doctor.

Other information

- Protect this product from excessive heat and direct sun.
