DIRECTIONS FOR USE

See information leaflet for complete directions on how to use and obtain best results.

1: PREP HANDS WITH COLD WATER
 Rinse your fingers in cold water and dry them. **Note:** foam will melt on contact with warm surfaces.

2: OPEN CHILD RESISTANT CAP
 Be sure to align arrow on the cap with arrow on white ring. Tie cap back and pull off.

3: DISPENSE VERTICALLY ONTO A COLD SURFACE
 Hold the can straight up and down. If you hold the can at an angle, foam may not dispense properly. Press nozzle to dispense half a capful of foam onto a cold surface (e.g. dish, or cold hands).

4: APPLY TO SCALP, NOT HAIR
 Part your hair to expose hair loss area. Massage foam into scalp, not hair. Repeat until all hair loss areas have been covered.

If women have more hair loss than shown above, Minoxidil Topical Aerosol, 5% (for Women) may not work.

5: CLOSE CAP AND WASH HANDS
 Snap cap back into place. Be sure arrows do not line up so cap remains child resistant. Wash hands and any surface thoroughly after use.
