Uses

For the treatment/management of acne. Helps treat acne pimples and allows skin to heal Helps prevent new acne pimples from forming

Warnings

For external use only as directed. Allergy alert get medical help right away if you develop hives, swelling of eyes and mouth, blistering, or difficulty breathing.

Ask a doctor before use if you

have severe acne.

When using this product

- skin irritation and dryness are more likely to occur when using another topical acne product at the same time. If irritation occurs, use only one product at a time
- avoid contact with eyes. If contact occurs, rinse thoroughly with water.

Stop use and ask a doctor if

- you develop severe irritation, burning or itching of the skin.
- improvement is not apparent within 6-8 weeks.

Keep out of reach of children.

If swallowed, call a poison control centre or get medical help right away. It is recommended that prior to exposure to the sun, users cover areas where AHAs have been applied with sunscreen.

Directions

Adults and children 12 years and older: Cleanse skin thoroughly before applying product.

- For New Users: Apply product to a small area once a day for three days to test if you are sensitive to this product.
- If no discomfort occurs, cover the entire affected area with a thin layer.
- Start with one application daily, then gradually increase

to two or three times daily, if needed. • If dryness or peeling occurs, reduce application to once a day or every other day.
