water liquid
Plum A/S**

Disclaimer: Most OTC drugs are not reviewed and approved by FDA, however they may be marketed if they comply with applicable regulations and policies. FDA has not evaluated whether this product complies.

Drug Facts

Active Ingredient

Purified water 99.1%

Purpose

Emergency eyewash

Uses

For rinsing the eyes and skin to reduce risk of severe injury caused by chemicals or particulate contamination.

Warnings

For external use only

Do not use

- for injection
- in intraocular surgery
- internally
- if solution changes color or becomes cloudy.

When using this product

- avoid contamination
- do not reuse. Once opened, discard.

Ask doctor if you have

- eye pain
- changes in vision
- redness or irritation of the eye after use
- an injury caused by an alkali

Keep out of reach of children

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- **do not dilute solution or reuse bottle**
- use only unopened bottle
- to open, twist cap in the direction of the arrow
- avoid contamination of the integrated eyecup
- place integrated eyecup over affected eye(s)
- tilt head backward
- open eyelid(s) wide
- control rate of flow by pressure on bottle
- thoroughly bathe eye(s) with solution
- allow solution to flow away from eye(s)
- rinse until the bottle is empty and continue rinsing with Plum Emergency Eyewash until you reach a doctor
- continue rinsing with water if necessary
- obtain medical treatment.

Other Information

- not for use as a contact lens solution
- do not use after bottle expiration
- store at room temperature, 5° to 35° C (41° to 95° F).

Inactive ingredients

sterile sodium chloride
