

**LANCOME PARIS CLARIFIQUE BX-INTERCEPTOR TOPICAL ACNE CLEARING
TREATMENT- salicylic acid liquid
L'Oreal USA Products Inc**

Drug Facts

Active ingredient

Salicylic acid 2%

Purpose

Acne treatment

Uses

- for the treatment of acne
- helps clear up acne blemishes and allows skin to heal

Warnings

For external use only.

Flammable until dry.

Do not use near fire, flame or heat.

When using this product

skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- clean the skin thoroughly before applying this product
- cover the entire affected area with a thin layer one to three times daily
- because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor
- if bothersome dryness or peeling occurs, reduce application to once a day or every other day

Inactive ingredients

water, panthenol, glycerin, alcohol denat., niacinamide, glycolic acid, sodium hydroxide, bixa orellana seed extract, ananas sativus (pineapple) fruit extract, fagus sylvatica bud extract, papain, potassium azeloyl diglycinate, PPG-26-buteth-26, PEG-32, PEG-40 hydrogenated castor oil, propanediol, copper gluconate, hydroxyethylcellulose, citric acid, trisodium ethylenediamine disuccinate, lactic acid, maltodextrin, phytic acid, polyquaternium-10, sorbic acid, benzoic acid, fragrance

BX-INTERCEPTOR™

Clinically Tested to Reduce:
Acne Blemishes - Blackheads - Whiteheads

Blemishes interrupt skin clarity. Inspired by three decades of Enzyme Science leadership, Lancôme creates its first ever anti-acne formulation.

With maximum OTC monograph-level 2% medicated Salicylic Acid, the formula is designed to intercept imperfections in multiple forms: clear skin of blackheads, whiteheads, and acne pimples. Over time, helps prevent new acne blemishes from forming.

The formula, augmented with 3% [Glycolic Acid + Azelaic Acid Derivative], 9% [Vitamin B5 + Niacinamide], and Bixa-Beech Bud™ Extract, delivers on tone-evening and brightening benefits for the skin. It also addresses issues like excess skin surface oil and clogged pores, without being drying or harsh on skin.

Apply serum as a targeted treatment on the entire affected area of the face or directly on acne blemishes. Do not over-rub; allow serum to dry fully prior to applying facial moisturizer.

Clinically tested on all skin tones and skin types, including sensitive skin. Ideal for oily skin prone to acne.

*Potassium azeloyl diglycinate.

SUNBURN ALERT: This product contains alpha hydroxy acid (AHA) that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Use a broad spectrum sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week afterwards.

Avoid direct contact with eyes. If contact occurs, rinse thoroughly with water.
