**Chlorhexidine 2%
and Ketoconazole 1%**

Antiseptic Cleansing
Soap-Free Conditioner
Reduces Antimicrobial
Skin Adhesion

For Dogs, Cats and Horses

SHAKE WELL BEFORE USE

8 oz. (237 mL)

Antiseptic KC Leave on Conditioner: A proprietary formulation of Chlorhexidine, Ketoconazole, Chitosan and Alkyl Polyglucoside for enhanced antiseptic activity.

PRODUCT DESCRIPTION: Antiseptic KC Leave on Conditioner is a broad spectrum leave on conditioner for the management of dermatological conditions responsive to Ketoconazole and Chlorhexidine. The proprietary formulation also contains a unique combination of chitosan and alkyl polyglucoside that reduces microbial adhesion to the stratum corneum disrupting colonization on the skin surface. Chitosan in the formulation is a natural biopolymer that creates a protective film on the skin and hair, reinforcing the hydrating and restorative effects of the formulation.

ACTIVE INGREDIENTS: Chlorhexidine Digluconate 2% and Ketoconazole 1%

INACTIVE INGREDIENTS: Purified Water, Polyquaternium-7, Glycerin, Cetyl Alcohol, Cetyl Stearyl Alcohol, PEG 40 Hydrogenated Castor Oil, Stearalkonium Chloride, Fragrance, Methylchloroethiazolinone, Methylisothiazolinone, Chitosan, Alkyl Polyglucoside, Safflower Oil and Oatmeal

SPECIES: Dogs, Cats and Horses

DIRECTIONS FOR USE: Shake well before use. After shampooing or wetting the hair coat, apply a sufficient amount of conditioner to cover the affected areas or the entire hair coat along the back of the animal. Massage the Leave on Conditioner on the skin and hair coat. The conditioner may be used in localized areas or between shampoos. May be used initially 2 to 3 times a week for four weeks, then reduce use to once a week, or as directed by your veterinarian.

WARNING: Keep out of reach of children. Wash hands after using.

PRECAUTIONS: For topical use on dogs, cats and horses. Avoid contact with eyes and mucous membranes. If contact occurs or skin irritation develops, rinse thoroughly with water, discontinue use and immediately consult a veterinarian.

STORAGE: Store at room temperature. Protect from freezing.

AVAILABLE THROUGH LICENSED VETERINARIANS ONLY
