**CORONA UDDER BUTTER**

Active Ingredient: Petrolatum 68%

Corona Udder Butter is a lanolin-enriched moisturizing ointment formulated to protect and help relieve the discomfort of chapped, sore, raw udder and teats.

to protect and relieve the discomfort of chapped sore, raw udder and teats.

As in normal pre-milking sanitation, wash teats and udder thoroughly before milking to avoid residues in milk. After milking, wash with warm water, thoroughly strip out milk, pat dry with clean towel and spread Udder Butter generously over the affected area, letting the emollients remain to soothe, soften and protect.

Continue to use routinely as described, applying as needed until condition is alleviated, rawness and chapping are relieved, resiliency and comfort of teats and udder are restored.

Udder Butter's smooth, easy-spreading formula lubricates and softens painful, cracked, tender, or abraded udder and teats. Massaged into the affected areas, Udder Butter eases the discomfort of sensitive skin and helps restore moisture balance to painful, parched surfaces, providing comfort and healthy suppleness. soothing Udder Butter protects and helps support the natural healing of affective areas.

Also contains: Castor Oil, Emulsifier, Fragrance, lanolin, Neatsfoot Oil, and Oxyquinoline

Caution: If conditions persist or become worse, or in case of deep wounds, or serious burns, consult your veterinarian

For external use only.

Keep out of the reach of children.

For horses and other animals: as soothing protection for chapped, windburned face and muzzle; as an emollient for minor irritations, abrasions, and burns; as a hoof ointment, helping maintain hoof health, moisture balance, suppleness.

For veterinary use only.
