BETADINE® Solution
Povidone-iodine, 5%

For Veterinary Use Only

Active ingredient

Povidone-iodine. 5% (0.5% available iodine)

Purpose

First aid antiseptic

Uses

- for preparation of the skin prior to surgery
- helps to reduce bacteria that potentially can cause skin infection

Warnings

For external use only

Do not use

- in the eyes
- on food-producing animals

When using this product

- do not heat prior to application
- prolonged exposure to wet solution may cause irritation or, rarely, severe skin reactions
- in pre-operative prepping, avoid "pooling" beneath the animal

Stop use and ask a veterinarian

- if irritation and redness develop
- in rare instances of local irritation or sensitivity

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away

Directions

- apply full strength to skin or surgical preparation site
- wet area thoroughly to ensure complete coverage and penetration but avoid "pooling"
- allow to dry
- may be covered with bandage
- for use on companion animals, including dogs, cats, and horses

Other Information

- store at 25°C (77°F); excursions permitted between 15°-30°C (59°-86°F) Do Not Freeze
- store in original container

Inactive Ingredients

pareth 25-9, purified water, sodium hydroxide
