Purpose

.....Acne Treatment

USES

- For the treatment of acne

WARNINGS

For external use only

When using this product:

- Avoid contact with eyes. If product contacts eyes, rinse thoroughly with water. Discontinue use if excessive skin irritation develops or increases. If irritation persists, seek medical attention.
- Using other topical acne medications at the same time or immediately after this product may increase dryness or irritation of the skin. If this occurs, only one medication should be used unless directed by a health care practitioner.
- **Sunburn Alert:** Use only as directed. This product contains an alpha hydroxy acid that may increase your skin's sensitivity to the sun and particularly the possibility of sunburn. Please limit sun exposure and apply a sunburn protectant while using this product and for a week afterwards.

Stop use and ask a doctor if

- rash or irritation develops and persists

Keep out of reach of children.

- If swallowed, get medical help or contact a Poison Control Center right away.

DIRECTIONS

- Clean the skin thoroughly before applying this product.
- Hold at an angle, gently rolling onto cleansed skin. Do not squeeze tube. Smooth product in with clean fingertips until fully absorbed.
- Cover the entire affected area with a thin layer one to three times daily.
- Because excessive drying of the skin may occur, start with one application daily, then gradually increase to two or three times daily if needed or as directed by a doctor.
- If bothersome dryness or peeling occurs, reduce application to once a day or every other day.
