DRUG FACTS

ACTIVE INGREDIENTS.....	PURPOSE
Salicylic Acid 2.0%.....	Acne treatment

USE:

• Acne treatment to help clear up and prevent new acne blemishes, blackheads, and whiteheads.

WARNINGS:

• For external use only.

When using this product:

• Avoid contact with eyes. If contact occurs, flush thoroughly with water. • Skin irritation and dryness is more likely to occur if you use another topical acne medication at the same time. If irritation occurs, only use one topical acne medication at a time.

Keep out of the reach of children. If swallowed, get medical help or contact a Poison Control Center immediately.

DIRECTIONS:

• Cleanse the skin thoroughly twice a day. • Wet face. Apply to hands, add water and work product into a lather. Massage face gently. Apply a small amount of product to freshly cleansed skin such as the underside of your wrist, jaw/neck line or behind the ear. Leave for 24 hours and check for any adverse reaction.
