

ARTHRITIS HOT- menthol and methyl salicylate cream
Chattem, Inc.

Arthritis Hot

Drug Facts

Active ingredients

Menthol 10%

Methyl salicylate 15%

Purpose

Topical analgesic

Uses

temporarily relieves minor pain associated with:

- arthritis
- simple backache
- muscle strains
- sprains
- bruises
- cramps

Warnings

For external use only

Allergy alert: If prone to allergic reaction from aspirin or salicylates, consult a doctor before use.

When using this product

- use only as directed. Read and follow all directions and warnings on this label.
- rare cases of serious burns have been reported with products of this type
- do not bandage tightly or apply local heat (such as heating pads) or a medicated patch to the area of use
- avoid contact with eyes and mucous membranes
- do not apply to wounds or damaged, broken or irritated skin
- a transient burning sensation may occur upon application but generally disappears in several days

- if severe burning sensation occurs, discontinue use immediately
- do not expose the area treated with product to heat or direct sunlight

Stop use and ask a doctor if

- condition worsens
- redness is present
- Irritation develops
- symptoms persist for more than 7 days or clear up and occur again within a few days
- you experience signs of skin injury, such as pain, swelling, or blistering where the product was applied

If pregnant or breast-feeding,

ask a health care professional before use.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

adults and children over 12 years:

- apply a thin layer to affected area
- massage into painful area until thoroughly absorbed into skin
- repeat as necessary, but no more than 3 to 4 times daily

■ IF MEDICINE COMES IN CONTACT WITH HANDS, WASH WITH SOAP AND WATER

children 12 years or younger: ask a doctor

Inactive ingredients

Carbomer, cetearyl alcohol, cetyl esters, diisopropyl adipate, oleth-3 phosphate, polysorbate 60, stearic acid, triethanolamine, water
