-----

**Antimicrobial Alcohol Gel Hand wipe**

***Drug Facts***

***Active ingredient***

Alcohol 65.9% by volume

***Purpose***

Antiseptic

***Uses***

- Antiseptic
- For handwashing to decrease bacteria on the skin, assisting ill persons, and before contact with a person under medical care or treatment
- Apply topically to the skin to help prevent cross-contamination
- Recommended for repeated use
- Dries in seconds

***Warnings***

- Flammable, keep away from fire or flame
- For external use only

***Do not use***

- in or make contact with the eyes
- Discontinue use if irritation and redness develop. If condition persists for more than 72 hours consult a physician

***Keep this out of reach of children***

- unless under adult supervision
- If swallowed, get medical help or contact a Poison Center immediately

***Directions***

- To start feed: Remove cover and discard seal from container. From center of toweled roll, pull up wipe corner, tear off fist wipe for use. Twist next wipe into a point and thread through the hole in the container cover. Pull through about one inch. Replace cover. Pull out wipes as needed and snap off at 90° angle. Keep cap closed to prevent moisture loss
- Wipe hands , fingers, interdigital areas and wrists thoroughly with towelette. Be sure to utilize the entire wipe surface. Allow to dry
- If hands are visibly soiled or contaminated, use first wipe to clean hands, then discard wipe, Sanitize with a second wipe
- Discard after single use

**Other information**
