this medicated cleanser targets acne by helping treat acne pimples, drying acne pimples, reducing the number and severity of acne pimples, and allowing skin to heal. penetrates pores to reduce acne pimples and prevent new acne pimples from forming.

directions: for adults and children 12 years and above. wet face, massage cleanser into skin in a gentle, circular motion. rinse thoroughly. can be used daily.

warnings: for external use only. allergy alert: get medical help right away if you develop hives, swelling of eyes and mouth, blistering, or difficulty breathing. do not use this product if you have a known allergy to salicylic acid.

ask a doctor or pharmacist before use if you have severe acne.

when using this product skin irritation and dryness are more likely to occur when using another topical acne product at the same time. if irritation occurs, use only one product at a time.

when using this product avoid contact with eyes. if contact occurs, rinse thoroughly with water.

stop use and ask a doctor if improvement is not apparent within 6-8 weeks.

stop use and ask a doctor if you develop severe irritation, burning or itching of the skin.

keep out of reach of children. if swallowed, call a poison control centre or get medical help right away.

it is recommended that prior to exposure to the sun, users cover areas where AHAs have been applied with sunscreen. contact of this product with the skin must be of limited frequency or duration.

mode d'emploi: pour adultes et enfants de 12 ans et plus, mouiller le visage, faire pénétrer le nettoyant par un léger mouvement circulaire. rincer abondamment. peut être utilisé quotidiennement.

avertissement: pour usage externe seulement.

alerte aux allergies: consulter sans tarder un médecin en cas d'urticaire, de gonflement de la bouche, de cloques ou de difficulté à respirer. ne pas utiliser le produit en cas d'allergie connue à l'acide salicylique.

demandez l'avis d'un médecin ou pharmacien avant l'utilisation en cas d'acné grave.

le risque d'irritation et de sécheresse de la peau lié à l'usage du produit est plus élevé lorsqu'on utilise simultanément un autre produit topique anti-acné. en cas d'irritation, n'utiliser qu'un seul produit à la fois.

éviter tout contact avec les yeux lors de l'utilisation du produit. en cas de contact, bien rincer à l'eau.

cesser l'utilisation et consulter un médecin s'il n'y a pas eu d'amélioration visible après 6 à 8 semaines.

cesser d'utiliser le produit et consulter un médecin en cas d'irritation grave, de sensation de brûlure ou de démanchement de la peau.

garder hors de la portée des enfants. en cas d'ingestion, appeler immédiatement un centre antipoison ou un médecin. il est recommandé aux utilisateurs de couvrir les zones enduites d'AHA avec un écran solaire avant de s'exposer au soleil. le contact du produit avec la peau doit être de durée ou de fréquence limitée.
