Purposes

Healing agent

Anti-yeast agent

Antimicrobial and healing agent

Anti-itch and inflammatory agent

Anti-microbial and healing agent

Uses

- treats vaginal yeast infections
- relieves external itching and irritation due to a vaginal yeast infection

Warnings

For vaginal use only.

Do not use if you have never had a vaginal yeast infection diagnosed by a doctor.

FemiClear may damage condoms and diaphragms and cause them to fail.

Ask a doctor before use if you have:

- **vaginal itching and discomfort for the first time**
- **lower abdominal, back or shoulder pain, fever, chills, nausea, vomiting or foul-smelling vaginal discharge. You may have a more serious condition.**
- vaginal yeast infections often (such as once a month or three in 6 months). You

could be pregnant or have a serious underlying medical cause for your symptoms, including diabetes or a weakened immune system.

- been exposed to the human immunodeficiency virus (HIV) that causes AIDS

Do not use

- if you are allergic to any ingredient in this product

When using this product

- do not use tampons, douches, spermicides, or other vaginal products. Condoms and diaphragms may be damaged and fail to prevent pregnancy or sexually transmitted infections (STIs)
- do not have vaginal intercourse
- mild increase in vaginal burning, itching, or irritation may occur
- if you do not get complete relief, ask a doctor before using another product

Stop use and ask a doctor if

- **symptoms do not improve in 3 days**
- **symptoms remain after 7 days**
- **you get abdominal pain, fever, chills, vomiting, foul-smelling discharge, or hives**

If pregnant or breast-feeding, ask a health professional before use.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- **Adults and children 12 years or over:**

Vaginal Ointment: use at bedtime, read enclosed instructions for complete directions.

- to protect clothes, use panty liner
- fill applicator with FemiClear Vaginal Ointment (pink tube).
- lie down in bed. Insert applicator into vagina and inject Femiclear. Remain lying down to avoid leakage.
- discard applicator after use. DO NOT reuse.
- repeat on second night.

Itch Relief: squeeze ointment onto fingertips. Apply onto itchy, irritated skin outside the vagina (vulva) as needed.

- **Children under 12 years:** ask a doctor

Other information

- do not use if applicator wrapper is torn, open, or incompletely sealed
- do not use if seal over tube opening has been punctured
- do not purchase if carton is open
- Store at 68-77°F (20-25°C). If liquified, refrigerate 10 minutes to thicken.
- this a 2-dose treatment. Most women do not get complete relief of their symptoms in just 2 days. Most women get some improvement in 2 days and complete relief by 7 days.

Inactive ingredients

Vaginal Ointment: beeswax, essential oil (natural fragrance), oxygenated olive oil

Itch Relief: beeswax, colloidal oatmeal, essential oil (natural fragrance), oxygenated olive oil
