

DR. GUARD SPECIAL CAR EDITION REFILL STICK- sodium chlorite liquid
JBK FORMS Co Ltd

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, click here.

Drug Facts

sodium chlorite

citric acid, water

Disinfectant · Deodorizer

KEEP OUT OF REACH OF THE CHILDREN

How to Use (How to Activate)

- The stick contains a main liquid solution and an ampoule inside that includes active ingredients in powder form.

Bend the middle part of the stick to break the ampoule.

Once the ampoule inside the stick cracks, sufficiently shake the stick to mix the powder with the solution well.

As it turns yellow, the stick is activated and the pure chlorine dioxide is released through the surface of the stick.

After 3~4 weeks of usage, the stick will turn transparent which indicates that it is no longer effective. Please dispose the used stick into a general trash bag.

- For external use only.
- Do not use in eyes.
- If swallowed, get medical help promptly.
- Stop use, ask doctor if irritation occurs.
- Keep out of reach of children.

for external use only

Product Precautions

1. Do not forcibly break the stick.
2. Avoid prolonged contact with skin.
3. Wash the contents clean with running water in case the stick breaks and causes contact with the skin. Consult a doctor immediately if any abnormality occurs.
4. If content is swallowed, first aid should be taken and a doctor shall be consulted immediately.
5. If content spills onto garment, there is a risk of bleaching.
6. Use after ventilating if the smell is too strong or causes irritation.
7. Store and use out of reach of children.
8. Please store in a cool and dry place. Water / Moisture / Heat / direct sunlight shortens the period of use.
