

API POND PIMAFIX - pimenta racemosa liquid
MARS FISHCARE NORTH AMERICA, INC.

Disclaimer: This drug has not been found by FDA to be safe and effective, and this labeling has not been approved by FDA. For further information about unapproved drugs, [click here](#).

Drug Label

DIRECTIONS

Shake well.

For best results, remove activated carbon from the pond filter and turn off UV and ozone- producing units, if applicable.

Using the dosing cap, add 10 ml (2 tsp.) for every 50 U.S. gallons (190 L) or 1/4 cup (60 ml) for every 300 U.S. gallons (1,135 L) of water.

Repeat dose daily for 7 days.

Treatment may be continued, if necessary.

Notes: A slight foaming may occur during the treatment. When exposed to elevated temperatures, this product may turn cloudy in the bottle. This does not affect the activity of the product.

Keep out of reach of children. Safe for fish and pond plants, as well as surrounding wildlife and pets, when used as directed. For ornamental pond use only.

Warning: this product contains a chemical known to the state of California to cause cancer or birth defects or other reproductive harm.

Contains: Pimenta racemosa 2.5%

API MAKES POND CARE EASIER

Helping pond owners maintain clean, clear water and healthy, active fish is our goal at API.

Visit www.apifishcare.com for pond tips and an easy-to-use calculator to estimate the size of your pond for better, easier pond care.

WHY USE PIMAFIX?

Made from Pimenta racemosa (West Indian Bay Tree extract)

Contains multiple synergistic compounds to treat fish infections

All-natural formula rapidly treats fungal infections on the body and fins of pond fish.

Also treats internal and external bacterial infections.

PIMAFIX has been specially formulated to work in combination with API POND MELAFIX to promote rapid healing and to more effectively treat stubborn fish diseases.

Safe for aquatic plants.

Will not adversely affect the biological filter, alter pH or discolor water.
