Active ingredient

Hydrocortisone 1%

Purpose

Anti-itch

Uses

for the temporary relief of itching associated with minor skin irritations, inflammation, and rashes due to:

- eczema
- insect bites
- poison ivy
- poison oak
- poison sumac
- soaps
- jewelry
- detergents
- cosmetics
- seborrheic dermatitis
- psoriasis
- other uses of this product should be only under the advice and supervision of a doctor

Warnings

For external use only.

Flammable:

Keep away from heat, sparks and open flame. Contents under pressure. Do not puncture or incinerate. Do not store at temperatures above 120 °F. Intentional misuse by deliberately concentrating and inhaling contents can be harmful or fatal.

Do not use

- for external genital, vaginal or anal itching
- with other hydrocortisone product unless directed by a doctor
- in or near the eyes
- for diaper rash

When using this product

- avoid contact with the eyes
- if product gets into the eye, flush with water for 15 minutes

Stop use and ask a doctor if

- condition worsens
- symptoms persist for more than 7 days or clear up and occur again within a few days and do not begin use of any other hydrocortisone product unless you have consulted a doctor

Keep out of the reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- twist cap counterclockwise to unlock actuator
- adults and children 2 years of age and older: spray affected area not more than 3 to 4 times daily
- children under 2 years of age: do not use, consult a doctor
- to apply to face, spray into palm of hand and gently apply
